DETAILED ACTION

Allowable Subject Matter

1. Claims 1-5,7,9-15, 17, and 19-20 are allowed. The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach or fairly suggest the claimed invention.
2. Specifically, no teaching or obvious suggestion was found of limitation " a reference frame compliantly mounted to the base, wherein the projection system comprises at least one optical element mounted on a projection frame that is compliantly mounted to the reference frame, wherein the projection system is compliantly mounted to the reference frame by at least one compliant mount, the compliant mount comprising a T-shaped member with one of the projection system and the reference frame attached to both ends of a first elongate member of the T-shaped member and the other of the projection system and the reference frame is attached to an end of a second elongate member of the T-shaped member" as in claims 1 and 11.
3. Claims 2-5,7,9-10,12-15,17, and 19-20 are allowed by virtue of their dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. US Pub. 2004/0065847 issued to Franken et al and 2003/0197914 issued to Cox et al are relevant to the claimed invention.
